## Our financial participation policy

Like monasteries, shrines are part of a tradition of hospitality. They seek to respond to the spiritual quest of many people. By providing food, rooms or houses, the Notre-Dame de Montligeon Shrine wishes to be able to properly welcome those who want to come to pray, to find meaning in their lives, to do good to their souls.

We propose a financial indication taking into account our various expenses and allowing us to cover our costs.

For those who are able to do so, a higher offering allows us to welcome people in difficulty.

We would also like to remind you that a contribution to certain domestic tasks is requested in order to leave the premises occupied (house, room, meeting room, etc.) in the state in which you found them.

If you have any financial difficulties, please let us know at the time of your reservation, as the financial aspect should not be an obstacle to your coming.

The shrine asks for a 30% advance on the participation fee at the time of reservation. In case of cancellation up to one month before the event, this amount may be retained.
